Hi, welcome to the New Year Ysgol Bro Taf Newsletter.

### Progress

We've entered the New Year and there has been great progress in the period. Externally we have formed the Bus Drop off levels and are continuing to the parent drop off. We've used the excess materials from around the existing school building to build up these levels so we don't have to remove materials from the site.

We've also commenced works to the 3G pitch and have cut the area to formation level. In the New Year we will be importing stone to form the make up of the pitch.

The school building is also changing rapidly. We formed all the new openings in the brickwork façade in readiness for the new windows and doors. The slab has had a screed covering to make sure we have a level surface to start building internal walls. The M&E contractors are onsite fitting all the bracketry to make the building come to life.

### Reverse Advent Calendar

We have taken part in the school's reverse advent calendar with our supply chain to help donate food to the local foodbank. Our contractors have donated food and shopping vouchers to the cause. A big thankyou to Dollcast, J2R Demolition and FP Hurleys.

### Pontypridd High School Construction Department:

The site team have linked up with the school's Construction department to look at how we can engage through the school curriculum. We have given the department some Health and Safety signage to make the areas construction focused.

## Considerate Constructors Scheme

Registered Site [www.ccsscheme.org.uk](http://www.ccsscheme.org.uk)

Enhancing the Appearance; Respecting the Community; Protecting the Environment; Securing everyone's Safety; Caring for the Workforce

**Meet the Operational Team:** If you have any concerns regarding the works, please contact our Morgan Sindall Construction site team below.
