Dear Parent/Guardian

During the course of your child's education there will be occasions when their photograph could be taken by a member of staff. In certain curricula areas, we often need to use your child's image to show how groups are working together so that pupils can witness good practice. In addition photographs may be used on the School's Website to celebrate successes. In most circumstances names of pupils will not be displayed with the photograph. Photographs may also be used in school publications such as the Annual Awards Programme, Year Books and Programmes for School Productions and on these occasions, the names of pupils will accompany photographs.

Recent legislation has made it necessary that schools obtain the specific written permission of the parent or guardian to cover these circumstances.

Please could you sign the slip below and return it to the school as soon as possible. If you have any reservations regarding this issue please do not hesitate to contact me.

Yours sincerely

A H Davies

Mr A H Davies
